How do we speak about art about animals?

STEVE BAKER

Steve Baker, *Scapeland XI*, 2014

“The work of art, for those who use it,
is an activity of unframing, of rupturing sense.”

– Félix Guattari, *Chaosmosis*

“Art can’t fix anything. It can just observe and portray. What’s important is that it becomes an object, a thing you can see and talk about and refer to. … It’s someone’s view of an incident, an advanced starting point.”

– Steve McQueen, artist and film director
