**InDialogue** is back, and this time it is inviting artists and researchers to participate in the interrogation of dialogue across 3 cities in the Midlands, UK. Over the course of 3 days, InDialogue-ers will activate the cities of Derby, Lincoln and Nottingham through papers, workshops, performances, happenings, artist-led labs, live music, eat together, dance, debate, create installations and interventions.

This 4<sup>th</sup> iteration of *InDialogue* brings together UK and International based artists and researchers to push the boundaries in thinking about the use of DIALOGUE and SITE within PRACTICE, across the disciplines of art and design. We invite proposals that activate a variety of regional cultural venues [Derby Theatre](#), [Déda](#), [S.H.E.D.](#), [Mansions of the Future](#), [Nottingham Contemporary](#). The call seeks to harness the potential afforded in the temporary occupation of, and movement between these sites in order to expand our examination of dialogic practices.

We also welcome proposals for the *InDialogue* bus that will transport participants between the 3 cities, and the mobile art space [S.H.E.D.](#), the Social Higher Education Depot commissioned by [In Good Company](#) & the [University of Derby](#).

*InDialogue* 2019, sees us working with 11 cultural partners from across the East Midlands: [Contemporary Visual Arts Network \(CVAN\)](#), [Dance 4](#), [Déda](#), [Derby City Council](#), [Derby Theatre](#), [In Good Company](#), [Mansions of the Future](#), [Nottingham Contemporary](#), [S.H.E.D.](#), [University of Derby](#), [University of Lincoln](#). Further details of venues can be found on the [InDialogue website](#).

Over the coming months we announce the Artists undertaking the *InDialogue International Artist Residency*, delivered in partnership with [Dance4](#) and [In Good Company](#) details of registration and charges. The full programme for *InDialogue 2019* will be announced early summer 2019.
