

THE TREE CHURCH

CAROLINE

2009

**Re-Cycle - Re-Use - Re think - Consume less
- Reconnect with Nature - Look after our trees**

The Tree Charter Bell - Caroline Locke

'The Tree Charter Bell' is used to create ceremonies around activities connected with the climate emergency. Caroline has her own 'Tree Charter Branch' in connection with The Woodland Trust and will be planting trees with groups of people over the coming years. We all need to be part of plans to work towards a greener future. Trees clean the air we breathe and absorb CO₂. Planting trees helps to combat climate change as well as providing homes for wildlife.

Caroline hopes that by drawing attention to tree planting activities using her Tree Charter Bell, she can encourage more and more people to get involved in looking after the planet.
